

SHANTO PAUL

Full STACK DEVELOPER

Dhaka, Bangladesh | +8801533302991 | shantoopaul@gmail.com | [Portfolio](#) | [LinkedIn](#) | [Github](#)

SUMMARY

Full Stack Developer experienced in building responsive, cross-browser web applications. Strong focus on clean UI, user experience, and coding standards, with the ability to work independently, communicate effectively, troubleshoot issues, and quickly learn new technologies.

SKILLS

Frontend: HTML5, CSS3, JavaScript, TypeScript, React.js, Redux, Next.js, SCSS, Tailwind CSS.

Backend: Node.js, Express.js, MongoDB, PostgreSQL, Supabase, Prisma, Zod, RESTful APIs.

Tools: Figma, Git, Github, Vercel, Netlify, Linux.

Soft Skills: Quick Learner, Attention to Detail, Communication, Problem Solving, Time Management.

PROJECTS

Ticket Bounty – Ticket Management System

[Live Site](#) | [Github](#)

- Built a full-stack support ticketing system that allows users to create, track, update, and manage support tickets efficiently with a clean and intuitive UI.
- Implemented secure authentication and role-based access using Supabase Auth, along with robust form validation and database modeling to ensure data integrity and scalability.
- Optimized data fetching, state handling, and UI responsiveness to deliver a fast, smooth user experience across devices.

Tech Stack Used: TypeScript, Next.js, React.js, Tailwind CSS, Supabase, Prisma, Zod, Vercel.

Rock Paper Scissors – Interactive Browser Game

[Live Site](#) | [Github](#)

- Designed and developed a dynamic browser-based game that enables users to play Rock, Paper, Scissors with instant feedback and score tracking.
- Implemented core game logic, random computer move generation, and win-loss evaluation using clean, maintainable JavaScript.
- Focused on responsive layout, smooth interactions, and polished UI to ensure an engaging experience across desktop and mobile devices.

Tech Stack Used: HTML5, CSS3, SCSS, JavaScript (ES6+), Netlify.

Newz – Online News Aggregation Platform

[Live Site](#) | [Github](#)

- Developed a modern news browsing application that allows users to explore categorized articles with clear navigation and an intuitive reading interface.
- Integrated external news data and structured the UI to present content efficiently, focusing on readability, layout consistency, and smooth user interaction.
- Applied responsive design principles and reusable component patterns to ensure reliable performance across various screen sizes and devices.

Tech Stack Used: React.js, JavaScript (ES6+), Tailwind CSS, Framer Motion, Firebase, REST APIs.

EDUCATION

Government Shahid Suhrawardy College – Dhaka, Bangladesh

2018-20

Higher Secondary Certificate, Business Studies

ADDITIONAL

Languages: Native in Bengali; Fluent in English

Certifications and Training: Web Development Course Certificate, Web Performance Certificate
